# CHENANGO COUNTY

## CHENANGO

*In the Center of it All ~ 'Everything Chenango'*

Welcome to Chenango County! Like the rest of Central New York, we all look forward to the change of each season, and after the long, cold winter, spring is an unparalleled favorite. The warmer weather allows us to venture into the great outdoors and enjoy the sunshine and a myriad of activities. Revel in a family adventure, explore the trail systems, and travel the picturesque roads to take in our beautiful landscape. Visit our historic spots and take respite in quiet little pubs and restaurants.

What makes us different? The outstanding beauty of our trails, the area lakes and streams, our small-town rural charm, the numerous parks, and most of all - the chance for relaxation no matter what option you choose.

One of our well-deserved great outdoor assets is Bowman Lake State Park. Many campers have described Bowman Lake as a camper's paradise. A rural, natural setting in a section of New York State steeped in folklore and historic tradition. The 35-acre lake, located in the center of the park, is just 16 feet deep at its deepest point. Today, with 11,000 acres of State Department of Environmental Conservation forestland bordering the park, Bowman Lake retains a unique and special wilderness aspect for all to enjoy.

Considered by most as a family-fun vacation spot, campsites are gobbled up fast, and campers come from all over New York State and beyond to spend time in the woodland atmosphere and the remote 660 acres of the large, shaded campsites nestled beneath the lofty trees.

Want more of our outdoors? Another outdoor destination is The Greenway River Trails that started out as the "City of Norwich Greenbelt Park Project". This was envisioned as a public, multi-use, run-walk-bike trail system along the Chenango River within the city limits. We see it as a public destination with an overlook to sit, relax, watch the river, observe wildlife, and just enjoy the outdoors - right within the City of Norwich.

From the Greenway River Trails, the Greenway Conservancy group has moved to another location to expand a new outdoor arena that is in the making. What was previously coined as the "Stone Quarry" has now become a cherished recreational destination for hiking, biking, snowshoeing, cross-country skiing, mountain biking, exploration and storytelling by generations of Norwich children and families. The additional quarry property that was acquired by the group forms the centerpiece of a community forest and recreational area that is open to the public. Paramount in making this initiative come alive are the miles of new trails for favorite outdoor activities and the wide-open spaces that will help to increase the resources that will be of value in our area and add to the economic impact of all of Chenango County.

For nearly a century, observers watched the forests of New York State from more than 100 fire towers perched atop the highest peaks, searching for the dangerous, telltale signs of forest fires. There were 19 fire towers in the Catskill region and 52 in the Adirondacks.

We are in DEC region 7 in Chenango County and the Berry Hill Fire Tower is located near McDonough State Forest here in Chenango County. The tower is open to the public year-round from sunrise to sunset. At an elevation of 1,960 feet, the fire tower is one of the highest points in Chenango County and the view stretches into the counties of Broome, Cortland, Delaware, Madison, Oneida, Onondaga, Otsego, and Tioga. We encourage you to pack a lunch, drink, and proper equipment and hike to a fire tower where the views are spectacular no matter what season you visit.

Prefer indoor activities? They also abound here, and we have the Northeast Classic Car Museum, The Chenango County Historical Museum, art galleries, cultural performances and many shops and small businesses that will cater to you and your family.

It's true we don't have amusement parks, casino's, sports stadiums, or an ocean view. What we do have is natural beauty, rivers, lakes, arts and theatre, museums, live music, hiking trails, wildlife and miles and miles of state land. Those of us who live here every day take for granted the beauty and attractions all around us. We want everyone to know how privileged we are here in Chenango County.

The Madison County Freedom Trail marks county wide sites of the Underground Railroad that have been identified and researched by the Madison County Freedom Trail Commission. This Commission was created in 2001 by the County Board of Supervisors to assure that steps be taken to identify and preserve the historic resources of the County related to the Underground Railroad and the struggle to end slavery in the United States. The Madison County Freedom Trail recognizes former Madison County residents who provided significant local community leadership in the struggle to end slavery in the United States. This Trail provides a missing link to the Heritage New York Trail, the statewide Underground Railroad Trail, and the National Park Service's Network to Freedom, the National Underground Railroad Trail. www.StoneQuarryHillArtPark.org

Stone Quarry Hill Art Park, one of the first outdoor sculpture parks in the country, sits atop a breathtaking rural landscape of upstate New York hills, meadows and forests. Tucked into these elements of natural beauty are Stone Quarry's heart: original, one-of-a-kind works of art. The Art Park serves a dual mission: preservation of the land, and to the creation and exhibition of sculpture, inspired by the relationship between art and nature. Sculptures are placed throughout the more than 100 acre site: in fields and woodlands, along hedgerows and trails and beside or even in ponds or gardens. Most are created especially for the Art Park, and many are designed to dissolve eventually back into nature. The park reflects the dynamism of both art and nature, as every exhibition brings new work and every season takes some away. The Art Park is open year-round, every day from dawn to dusk. It is located one mile east of Cazenovia, NY, off of U.S. Route 20. See the website for directions and lots of details on its art exhibitions and artists.

#### **Trail Work Thursday**

4:30 PM - 6:30 PM

Roll up your sleeves and help keep Cazenovia's trails beautiful! Every last Thursday of the month, from April to October, CPF board members, staff, and community volunteers gather for an evening of trail care and camaraderie.

We kick off each Trail Work Thursday at 4:30 PM at the St. Peter's Church parking lot, where we divvy up tools, form work crews, and then head out to tackle a variety of projects. Afterward, enjoy refreshments courtesy of a CPF Board member at Meier's Creek Brewing Company!

RSVP to [jwong@cazpreservation.org](mailto:jwong@cazpreservation.org) to help us plan our projects. In case of inclement weather, cancellations will be posted by 3:30 PM at [cazpreservation.org/events](https://cazpreservation.org/events).

High school students can earn volunteer hours, but those under 18 must be accompanied by a responsible adult.

**SCHOHARIE COUNTY**

**SCHOHARIE COUNTY, NEW YORK ONLY, FIRST, LAST AND MOST**

The only New York State Governor to come from Schoharie was its 13th, William C. Bouck, 1842-1844. He cut the executive household budget by having his wife do the cooking. Often described as New York's first farmer-governor, he was born, educated and married in Schoharie County.

The first drive-in theater in the United States was in the Village of Schoharie. In the 1930s, the movie theater was Main Street, with road traffic diverted during the shows.

Parades, reenactments, and commemorations of the founding fathers focus on the hope and heroism that have come to symbolize the birth of a new nation, while largely disregarding its decisive impact on Indigenous nations. Artists Peter Jamison, Sayokla Kindness, Carla Hemlock, Shelley Niro, Trevor Brant, and others will offer their insightful, at times divergent, viewpoints on this foundational American anniversary. Exhibit features sculpture, beadwork, painting, digital works, and more.

**2026 Special Exhibitions: Held over from last Season "Separated but Unbroken: The Haudenosaunee Boarding School Experience"**

"Separated but Unbroken: The Haudenosaunee Boarding School Experience" explores the lasting impact of the Thomas Indian School, once located on the Cattaraugus Reservation south of Buffalo, NY, and the Mohawk Institute near Branford, Ontario. These institutions, which enrolled a significant number of Haudenosaunee students, were part of a larger system that sought to erase Indigenous identities while deeply shaping the lives of those who endured them. Co-curated by Erin Keaton (Mohawk), the exhibition sheds light on Haudenosaunee resilience.

 11 a.m. and 2 p.m.  
 Founded in 1979, the Allegany River Indian Dancers have become one of the best-known Native dance groups in the United States and Canada today. The group has traveled throughout North America, sharing traditional Iroquois social dances. The group is also well known for its repertoire of Intertribal "Pow wow" style dances. Their performances often feature Bill Crouse's hoop dance. This style of dance involves 30 hoops used to make various formations or designs representing things from nature. Through group performances (which often include audience participation) and lecture presentations, this group has taught large audiences about Seneca history and culture. Included in Museum admission.
